# Best quality for your.

## GENERAL INSTRUCTIONS

#### Frozen products:

The right temperature to preserve our products is at a controlled temprature of -18°C (-4 °F)
Do not freeze it back once thawed. Preserve it in a temperature between 1 and 4 °C.
(33.8 and 39.2 °F)
Once thawed, they should be consumed the following 24 to 48 hours. See the technical specifications.

#### Observations

•Exposure to different temperatures can lead to the shortening of its expiration time. •Should you want to have more information, ask to our quality department: administracion@pasteriafidelia.com.

Modern bakery

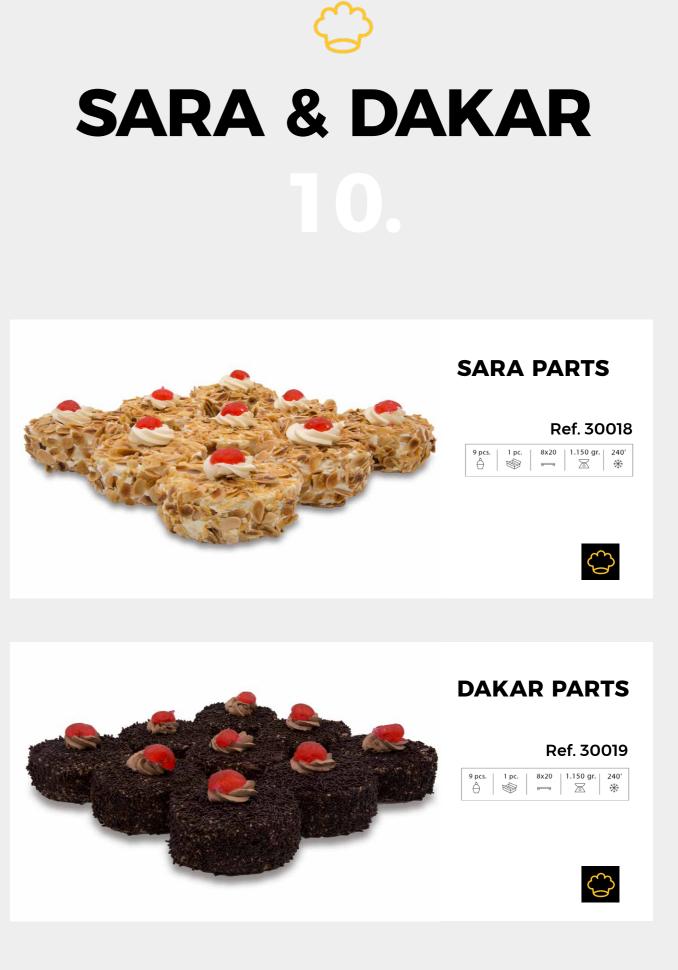

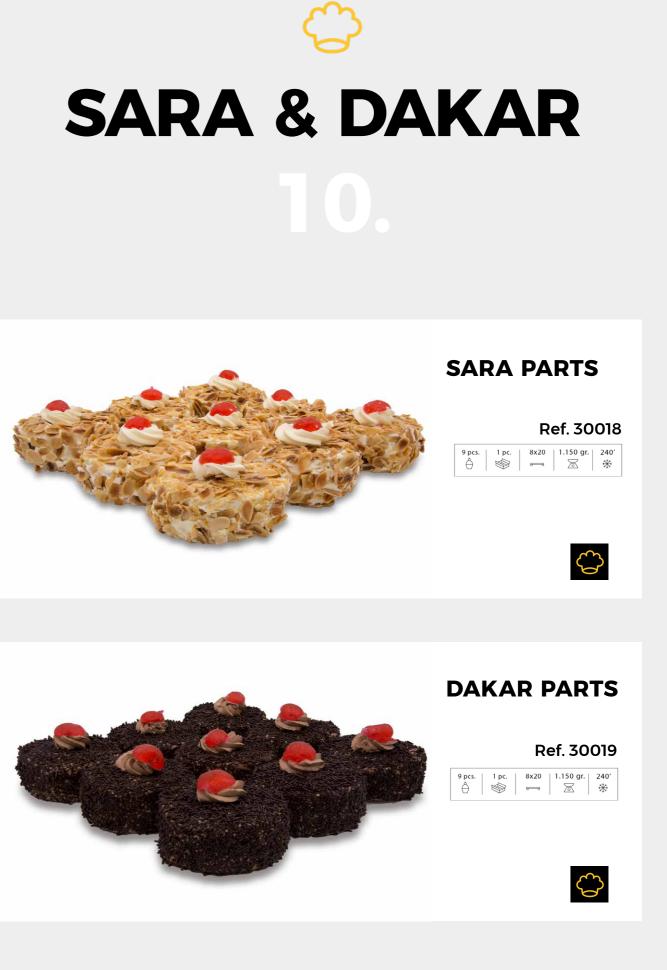

## PIONONOS

Piononos are a thin sheet of sponge cake rolled into a cylinder (the base of the cake), and "drunk" with a syrup made of equal parts water and sugar, which gives it a nice, fresh texture, filled and covered with a burnt cream.

#### **PIONONOS**

24 pcs.	1 pc.	8x12	1.300 gr.	240′
Ô			$\boxtimes$	✵
